## **UPSHUR COUNTY, TEXAS**

In compliance with Local Government Code, Section 111.002 through Section 111.006, this document has been prepared and has properly delivered to the Commissioners' Court of Upshur County and has properly been filed with the County Clerk of Upshur County for public inspection and review.

#### **FY 22 BUDGET HIGHLIGHTS**

The 2022 budget is based on a tax rate of 61.50 cents per \$ 100 valuation, of which 47.70 cents (77.56%) is allocated to the General Fund and 13.80 cents (22.44%) is allocated to the Insurance Fund.

Total FY 22 budgeted expenditures for the General and Insurance Funds combined are \$ 18,052,312 which represents an increase of \$ 1,022,969 over the prior FY 21 combined budgeted expenditures for the General and Insurance Funds of \$ 17,029,343. Of this increase \$ 700,000 is to be funded from fund balance (or surplus) for one-time expenditures in FY 22.

The FY 22 budget includes a \$ 1,000 per annum increase in salary for all non-elected employees of Upshur County and an increase in the employer retirement contribution rate from a 1:1 (100%) match to a 1:1.5 (150%) match.

One time expenditures to be funded from fund balance and a decrease in annual lease costs include:

•	Purchase of Equipment for Road and Bridge:	\$ 234,000
•	Purchase of Material for Road and Bridge:	\$ 349,934
•	Purchase of Four (4) Vehicles for Constables	\$ 177,032
•	One-Time funding of salary increase for the Sheriff's Office	\$ 155,565
•	One-time donation	\$ 10,000

#### **TAX BASE**

The 2021 freeze adjusted taxable for Upshur County is \$ 1,897,586,983 which represents a 2.6 % increase as compared to the 2020 adjusted certified tax roll. Following are increases (decreases) by category (in dollars):

	2020	2021	% Inc. / (Dec.)
Land	1,210,133,401	1,165,846,022	3.66%
Improvements	2,089,774,819	2,006,096,701	4.17%
Non-Real Property	345,322,494	371,872,768	(7.14%)
(personal and miner	a <u>l</u> )		

Note: The increase in personal property was offset by a 30% decrease in mineral property in 2021. Mineral property had a similar decrease in 2020.

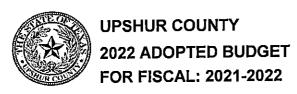

Other factors impacting our property values are a 19% increase in homestead caps and an 8 % increase in total exemptions which together reduce of freeze adjusted taxable base.

Upon adoption by the Commissioners' Court, a copy of the budget will be filed with the Upshur County Clerk and posted to the Upshur County official website. Except through an authorization of emergency expenditure by the Commissioners' Court, the total amount appropriated in the budget cannot be amended. However, funds may be reallocated between expenditure accounts in the form of budget amendments approved by Commissioners Court.

GENERAL INFORMATION: Tax Code Section 26.04(c) requires an officer or employee designated by the governing body to calculate the No-New-Revenue (NNR) tax rate and Voter-Approval tax rate for the taxing unit. These tax rates are expressed in dollars per \$100 of taxable value calculated. The calculation process starts after the chief appraiser delivers to the taxing unit the certified appraisal roll and the estimated values of properties under protest. The designated officer or employee shall certify that the officer or employee has accurately calculated the tax rates and used values shown for the certified appraisal roll or certified estimate. The officer or employee submits the rates to the governing body by Aug. 7 or as soon thereafter as practicable.

School districts do not use this form, but instead use Comptroller Form 50-859 Tax Rate Calculation Worksheet, School Districts without Chapter 313 Agreements or Computalier Form 50-884 Tax Rate Calculation Worksheet, School District with Chapter 313 Agreements.

Water districts as defined under Water Code Section 49.001(1) do not use this form, but instead use Comptroller Form 50-858 Water District Voter-Approval Tax Rate Worksheet for Low Tax Rate and Developing Districts or Compiroller Form 50-860 Developed Water District Voter-Approval Tax Rate Worksheet.

The Comptroller's office provides this worksheet to assist taxing units in determining tax rates. The information provided in this worksheet is offered as technical assistance and not legal advice. Taxing units should consult legal counsel for interpretations of law regarding tax rate

## SECTION 1: No-New-Revenue Tax Rate!

The NNR fax rate enables the public to evaluate the relationship between taxes for the prior year and for the current year based on a tax rate that would produce the same amount of taxes (no new taxes) if applied to the same properties that are taxed in both years. When appraisal values increase, the NNR tax rate should decrease.

The NNR tax rate for a county is the sum of the NNR tax rates calculated for each type of tax the county levies.

While uncommon, it is possible for a taxing unit to provide an exemption for only maintenance and operations taxes. In this case, the taxing unit will need to calculate the NNR tax rate separately for the maintenance and operations tax and the debt tax, then add the two components together.

#### SECTION 2: Voter-Approval Tax Rate

The voter-approval tax rate is the highest tax rate that a taxing unit may adopt without holding an election to seek voter approval of the rate. The voter-approval tax rate is split into two separate rates:

1. Maintenance and Operations (M&O) Tax Rate: The M&O portion is the tax rate that is needed to raise the same amount of taxes that the taxing unit levied in the prior year plus the applicable percentage allowed by law. This rate accounts for such things as salaries, utilities and day-to-day operations

2. Debt Rate: The debt rate includes the debt service necessary to pay the taxing unit's debt payments in the coming year. This rate

accounts for principal and interest on bonds and other debt secured by property tax revenue.

The Voter-Approval tax rate for a county is the sum of the Voter-Approval tax rates calculated for each type of tax the county levies. In most cases the Voter-Approval tax rate exceeds the No-New-Revenue tax rate, but occasionally decreases in a taxing unit's debt service will cause the NNR tax rate to be higher than the voter-approval tax rate.

### SECTION 3: NNR Tax Rate and Yoter-Approval Tax Rate Adjustments for Additional Sales Tax to Reduce Property Taxes

Cities, counties and hospital districts may levy a sales tax specifically to reduce property taxes. Local voters by election must approve imposing or abolishing the additional sales tax. If approved, the taxing unit must reduce its NNR and voter-approval tax rates to offset the expected sales tax revenue.

This section should only be completed by a county, city or hospital district that is required to adjust its NNR tax rate and/or voter-approval tax rate because it adopted the additional sales tax.

### SECTION 4: Voter-Approval Tax Rate Adjustment for Pollution Control

A taxing unit may raise its rate for M&O funds used to pay for a facility, device or method for the control of air, water or land pollution. This includes any land, structure, building, installation, excavation, machinery, equipment or device that is used, constructed, acquired or installed wholly or partly to meet or exceed pollution control requirements. The taxing unit's expenses are those necessary to meet the requirements of a permit issued by the Texas Commission on Environmental Quality (TCEQ). The taxing unit must provide the tax assessor with a copy of the TCEQ letter of determination that states the portion of the cost of the installation for pollution control.

This section should only be completed by a taxing unit that uses M&O funds to pay for a facility, device or method for the control of air, water or land pollution.

### SECTION 5: Voter-Approval Tax Rate Adjustment for Unused Increment Rate

The unused increment rate is the rate equal to the difference between the adopted tax rate and voter-approval tax rate before the unused increment rate for the prior three years. 39 In a year where a taxing unit adopts a rate by applying any portion of the unused increment rate, the unused increment rate for that year would be zero.

The difference between the adopted tax rate and voter-approval tax rate is considered zero in the following scenarios:

- a tax year before 2020; and<sup>40</sup>
- a tax year in which the municipality is a defunding municipality, as defined by Tax Code Section 26.0501(a);41 or
- after Jan. 1, 2022, a tax year in which the comptroller determines that the county implemented a budget reduction or reallocation described by Local Government Code Section 120:002(a) without the required voter approval. 42

This section should only be completed by a taxing unit that does not meet the definition of a special taxing unit:<sup>43</sup>

### SECTION 6: De Minimis Rate

The de minimis rate is the rate equal to the sum of the no-new-revenue maintenance and operations rate, the rate that will raise \$500,000, and the current debt rate for a taxing unit.44

This section should only be completed by a taxing unit that is a municipality of less than 30,000 or a taxing unit that does not meet the definition of a special taxing unit.<sup>45</sup>

# SECTION 7: Voter-Approval Tax Rate: Adjustment for Emergency-Revenue Rate

In the tax year after the end of the disaster calculation time period detailed in Tax Code Section 26,042(a), a taxing unit that calculated its voter-approval tax rate in the manner provided for a special taxing unit due to a disaster must calculate its emergency revenue rate and reduce its voter-approval tax rate for that year. 46

Similarly, if a taxing unit adopted a tax rate that exceeded its voter-approval tax rate, calculated normally, without holding an election to respond to a disaster, as allowed by Tax Code Section 26.042(d), in the prior year, it must also reduce its voter-approval tax rate for the current tax year<sup>47</sup>.

NOTE: This section will not apply to any taxing units in 2021. It is added to implement Senate Bill 1438 (87th Regular Session) and does not apply to a taxing unit that calculated its voter-approval tax rate in the manner provided for a special taxing unit due to a declared disaster in 2020, as provided for in the recently repealed Tax Code Sections 26.04(c-1) and 26.041(c-1).

In future tax years, this section will apply to a taxing unit other than a special taxing unit that:

- directed the designated officer or employee to calculate the voter-approval tax rate of the taxing unit in the manner provided for a special taxing unit in the prior year; and
- the current year is the first tax year in which the total taxable value of property taxable by the taxing unit as shown on the appraisal
  roll for the taxing unit submitted by the assessor for the taxing unit to the governing body exceeds the total taxable value of
  property taxable by the taxing unit on January 1 of the tax year in which the disaster occurred or the disaster occurred four years
  ago.

In future tax years, this section will also apply to a taxing unit in a disaster area that adopted a tax rate greater than its voter-approval tax rate without holding an election in the prior year.

Note: This section does not apply if a taxing unit is continuing to calculate its voter-approval tax rate in the manner provided for a special taxing unit because it is still within the disaster calculation time period detailed in Tax Code Section 26.042(a) because it has not met the conditions in Tax Code Section 26.042(a)(1) or (2).
